United States History
2025-2026 Pacing Guide (Traditional)

Note: Standards US.1-6 of the 2022 Louisiana Social Studies Standards for United States History are skill-related and describe the things students should be able to do to demonstrate their understanding of history. These standards are not specifically listed in this pacing guide, but they should be embedded within each unit. Since content from these standards is not included in the LEAP 2025 U.S. History assessment, it is not assessed on any of the Mastery View Predictive Assessments.
